Trade Marks and Special Designs can be reproduced in cast type from copy furnished by customer. Copy may be a drawing, plate or clear reprint of the design wanted. Art work will be charged extra.

Designs must be inspected and passed by our Mat Engraving Department as to their possibility for reproduction in cast type before an order can be accepted. Excessive shading, very fine lines and very small type will not reproduce satisfactorily.

PRICES—For convenience the Class Numbers given in the Chart following also indicate the Square Picas in a design. To determine the price, take the number of square picas in the design, always using even picas. If your design measures $4\frac{1}{2} \times 4\frac{1}{2}$ picas, use 5×5 , or Class 25—or you may place the design in the upper left corner of the Chart. The number appearing directly under the lower right corner of the design will indicate the class. Refer to the Class Number in the table of Trade Mark and Special Design Prices for complete price information. Prices for additional orders apply at any time after original order is filled, provided no change is made in design.
